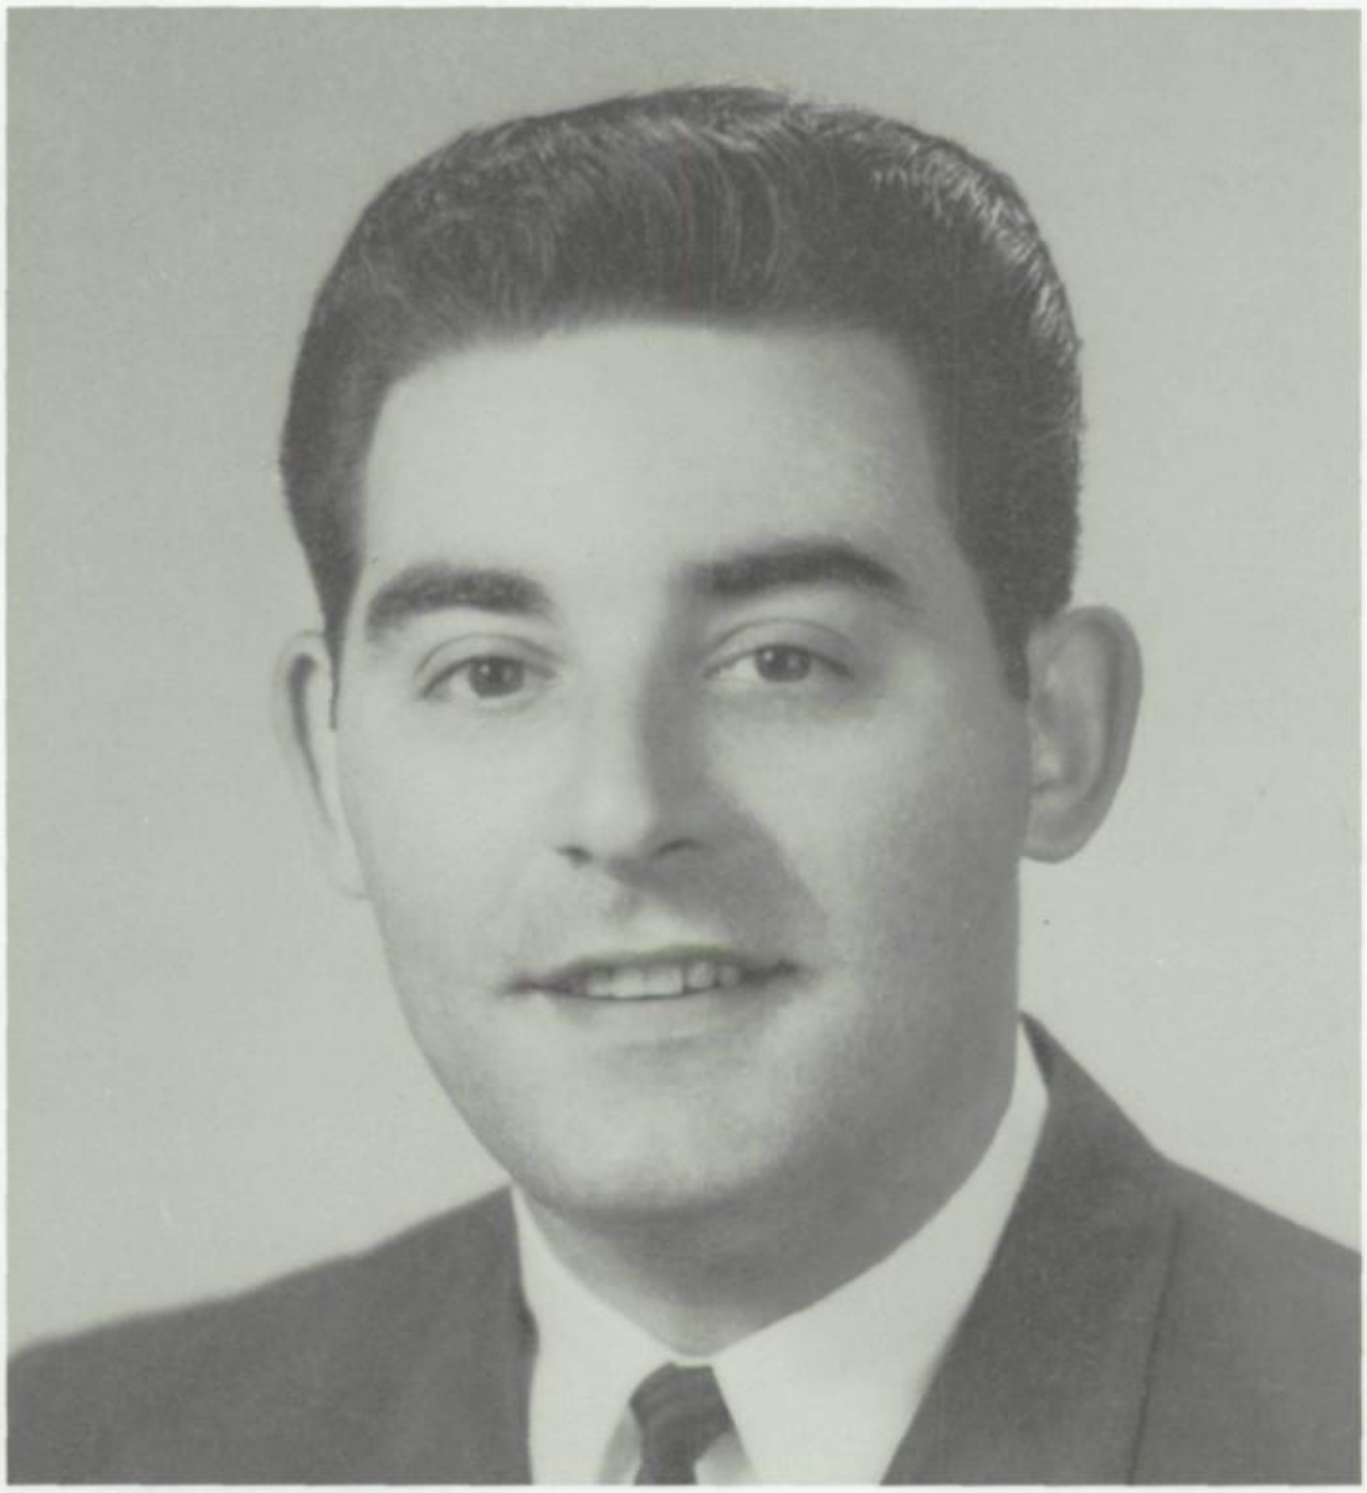
Through these doors, as students, we shall enter no more.

Dedication



Proudly, and with great pleasure, the Senior Class wishes to dedicate the 1965 "Kuyahooran" to Mr. Joseph P. Lubertine.

As our class advisor his unfailing friendship, guidance, and co-operation have helped us through some of the trying times of high school. With his great sense of humor and personality, he has set an example for all of us to follow.

To you, Mr. Lubertine, we give "your yearbook," and a very sincere Thank-You.

The Senior Class would like to express its deep appreciation to Mrs. Josephine Carroll for her tireless vigilance and co-operation with all of her pupils.

Although we had her as a teacher only in junior high, she has followed each of us throughout high school with interest and concern.

We would therefore like to take this opportunity to say "Thank-You".

In Appreciation

The expression, "a friend in need is a friend indeed", is well illustrated by a favorite personality here at Poland, Mr. Truman Haskell.

"Trume", as he prefers to be called, is always willing to lend a HELPING hand. His friendly assistance in working extra hours to help make an activity a greater success is well appreciated.

Letter from the Editor

June 1965

The Reader
Poland Central School
Poland, New York

Dear Reader

This year's KUYAHOORAN, produced by the Class of 1965, is designed to give you, the reader, an illustrated diary of people and events at Poland Central School.

Putting out a yearbook is somewhat like the entire cycle of a day. At dawn, everything seems new, fresh, and ready to challenge. When we started this yearbook, we too had high hopes and eagerness.

As the day continues, things start getting busier and more complicated, as do the responsibilities of each staff member.

Toward the end of the day, one might stop to evaluate what he had done. As we neared the completion of our yearbook, we hesitated and reviewed its contents to see what we had done throughout the year.

We feel we have brought you a complete summary of the happenings during the year and a yearbook which will be long remembered.

Sincerely yours,

Mary Ellen Griffin

MRS. DONNA ERNST

Agriculture

MR. RAYMOND MILLER

A high school vocational agricultural program has the role of providing training for farming and related careers. The instruction to-day is offered to prepare the student for further training, either in school or on the job. Some of the careers which this could lead to are: management, finance, farm mechanization, forestry, conservation, and farming.

At Poland, we offer only the rudiments of a few of these, but along with all vocational agricultural programs, we are striving to provide a broad base of agricultural education.

Art

MR. RICHARD ALLEN

In this course, the student is given the opportunity to develop his creativeness, whether it be in drawing, painting, or sculpturing. The appreciation of the beauty of art is also an important factor brought into the art curriculum.

Business

MR. JOSEPH LUBERTINE
MRS. ELLEN GRIFFIN

The business curriculum offers the student a general knowledge of business through the offerings of bookkeeping, business math, general business, and retailing.

The vocational stenographic program's aim is to train students to accept positions in the stenographic field immediately upon graduation from high school.

English

MRS. EVELYN TUDHOPE
MR. ARTHUR ROBERTS
MISS MARIANNE EVANS

The English department maintains two tracks of study: one for college-preparatory students, and the other to train those who will enter employment after high school.

The basic purpose of this course is to provide the ability to communicate effectively and understand the communications of others.

History

MRS. JOSEPHINE CARROLL
MR. DAVID ABRAHAM
MR. ANTHONY BELMONTE
(ABSENT)

The history curriculum provides the student with a better understanding of the times and peoples before him, as well as helping him love and respect his country.

This course prepares the student to take his place in the future, which will soon be history.

Homemaking

MRS. HELEN THAYER

The aim of the homemaking curriculum is to better our social living by creating better families. The students are taught to adapt to the demanding changes of our social culture.

Industrial Arts

MR. THOMAS NOWACKI

Industrial Arts is the broad study of the materials, organizations, tools, processes, products, jobs, and the human problems of industry. It is developed through planning and construction projects of interest to the student, as well as discussions, observations, and readings related to industry.

Foreign Languages

MR. ROBERT MANION
MRS. ALIDA LANNING

In a foreign language course, the student not only learns how to speak, read, and write the language, but he also learns the cultural background of the particular country he is studying.

The language program also promotes a better understanding of the peoples of the world.

Mathematics

MR. EDWARD JONES
MRS. MARGARET MC CARTHY
MR. JAMES HANE

The math program is designed to meet two basic needs. First, there is the college entrance course, in which the student develops higher mathematical knowledge, for such related topics as science and engineering. Second, there is the terminal course designed to help the student answer everyday mathematics problems he will encounter throughout his life.

Music

MR. JOSEPH BUNCIE
MRS. BETSY NEWMAN
MISS MILDRED SEAVEY
MRS. DOROTHY RICKARD

The goal of this program is to make music a part of every individual's life through high standards of performance, and exposure to the great music of every age.

Physical Education

MR. BARRY SCHUFELT
MRS. NORMA URE
MR. HOWARD CHAFFEE

The physical education department strives to develop students into totally functioning human beings while engaging in carefully selected activities best suited for their needs, interests, and capabilities.

Science

MR. FRED EARL
MR. FRANK SALISBURY
MR. RAYMOND MILLER

This curriculum is designed to offer the student a terminal course in science at the high school level or to prepare him for further study in the science field.

Basic courses are offered in grades 7, 8, and 9 in the areas of earth science, life science and physical science. Advanced courses are also available to the students in the preceding areas on the high school level.

Librarians

MRS. ROSE MC NEIL
MRS. LILLIAN COONS

The school library supplements and enriches every phase of education. Any type of book is available, whether it be for reference or for pleasure reading. To quote Leo Rosten, "Here lies the treasures, the wisdom and the wonder of man's greatest adventures on earth."

Nurse

MRS. LYDIA BRADY

The school Nurse-Teacher is the connecting link between the school and the home. A child must be healthy to succeed at school. The S.N.T. works with the child, the parents and the teacher for optimum health of each school child.

Each year a child receives a physical exam from the school physician. The nurse checks eyes, ears, heights and weights--any deviation from the normal is reported to the parents.

One of the main objectives of the S.N.T. is to teach the meaning of positive health and how to obtain it.

Driver Education

MR. LLOYD BROWN

Board of Cooperative Educational Services

The Cooperative's Services provides certain educational services which the local districts are unable to provide themselves or which can be more adequately furnished through a larger organization.

The purpose of the course is not merely to teach the student to drive, but to teach him to drive safely. The course seeks to promote interest in one of the most pressing problems of our American Society --Traffic Safety.

Audio - Visual

The audio-visual aids department has the responsibility of coordinating all equipment and materials that teachers use to communicate to their students. The field encompasses the materials that appeal to the students' sense of sight and sound.

MR. JOHN BUTTON

Dental Hygienist

MISS ELAINE FARRELL

The objective of the Dental Hygiene Program is to stress the importance of good dental health to the students so they will develop good dental health habits to last a lifetime. The utilization of dental inspections and praphylaxis, along with dental health counseling and group instructions, helps to provide meaningful learning experience for all children.

Nurse

Mrs. Templeton has similar duties as the school nurse, except her responsibility is to the elementary grades.

MRS. MARGARET TEMPLETON

Food Administration

Mrs. McVoy, Mrs. Rickard, Mrs. Jones, Mrs. Pogonowski, Mrs. Bronson, Mrs. Gianini, Mrs. Prindle, Mrs. Waterbury.

Maintenance

Mr. Thayer, Mr. Haskell, Mr. Brooks, Mr. Hampston.

Bus Drivers

Mr. Thayer, Mr. Thompson, Mr. Hampston, Mr. Dietch, Mr. Frankin, Mr. Haskell, Mr. Shepard, Mr. Newman.

ROBERT W. LEHMANN

The Senior Class regrets the fact that Robert Lehmann, who was with us for ten years, moved to Norman, Oklahoma, due to a change in his father's occupation

Bob was a faithful friend and student. We would like to wish him the best of luck and success in the future.

Message from the Principal

You have asked me to give you some parting advice as you leave Poland Central School. This kind of fortitude on your part is most admirable and is exceeded only by my earnest enthusiasm to get in a few last words.

Over the years I have seen irresponsible, carefree youth graduate from our public schools and invariably become thoughtful citizens concerned about standards of behavior and of culture in our society. Recent space age progress and scientific ways of thinking have somehow unsettled the confidence of many people in old ways of thinking. The increase in crime and violence, in delinquency and in dishonesty, is evidence that something is happening to our inherited values such as duty, justice, beauty, honor, unselfishness, freedom. They are being questioned.

Our school has tried to teach you that these values are eternal truths--guidelines for living--and should never be questioned. The greatest challenge confronting us as a nation and as individuals is that of raising, not lowering our standards of thought, behavior and taste. Otherwise, there can be no human dignity.

And so as you go forth and assume the responsibility for society, remember please that without good principles resting on eternal values there can be no basic satisfactions.

International Fellowship

International Fellowship is a non-profit organization which seeks to achieve understanding among all the peoples of the world, regardless of race, creed, or national origin. The Fellowship's aim is to uphold the true democratic way of life, and to protect the enjoyment of human liberty and the inherent dignity of the individual.

Another purpose of the Fellowship is to achieve better international relationships through the extension of knowledge and mutual understanding, and to enlighten public opinion regarding the problems of international conflicts.

To implement the purposes of the above organization, a Student Exchange Program was conceived. This program enables a student to visit another country and learn not only academically, but to have the experience of living with the native families. This provides the students not only with a formal education, but also an understanding of that country's cultural and social life.

Hector

Hector Rincón, from Bogota, Colombia, is our only foreign exchange student this year. He is the son of Señor and Señora Hernando Rincón and has two brothers and two sisters.

Hector came to Poland with Stanley All and is now living with Stanley and his parents, Mr. and Mrs. Ernest All.

Stanley All, son of Mr. and Mrs. Ernest All of Poland, was our exchange student to Bogota, Colombia, last summer. He stayed with Señor and Señora Bernardo Uribe de Concha for eleven weeks.

Bart McClellan, another of our exchange students, ventured to Rafaela, Argentina, to stay with Dr. and Señora Sosa for eleven weeks last summer.

Bart and Stanley

Awards

DAR

Dorothy Moody was this year's choice for the Daughter of the American Revolution good citizen. This award is given on the basis of service, dependability, leadership and patriotism.

The selection is made by fellow members of the Senior Class and the faculty.

Bausch and Lomb

The Bausch and Lomb Honorary Science Medal is given to the Senior student who has achieved the highest scholastic standing in science subjects. These awards are recognized as evidence of superior scientific aptitude. This year's Bausch and Lomb award is awarded to Douglas Hathaway.

Girls' and Boys' State

Each year, a junior boy and girl are chosen to represent our school at the Empire girls' and boys' state. This is a mythical "51st" State, wherein, by actual participation, the students perform the duties of running a state government.

Our representatives last year were Marilynn Gauthier and Douglas Hathaway.

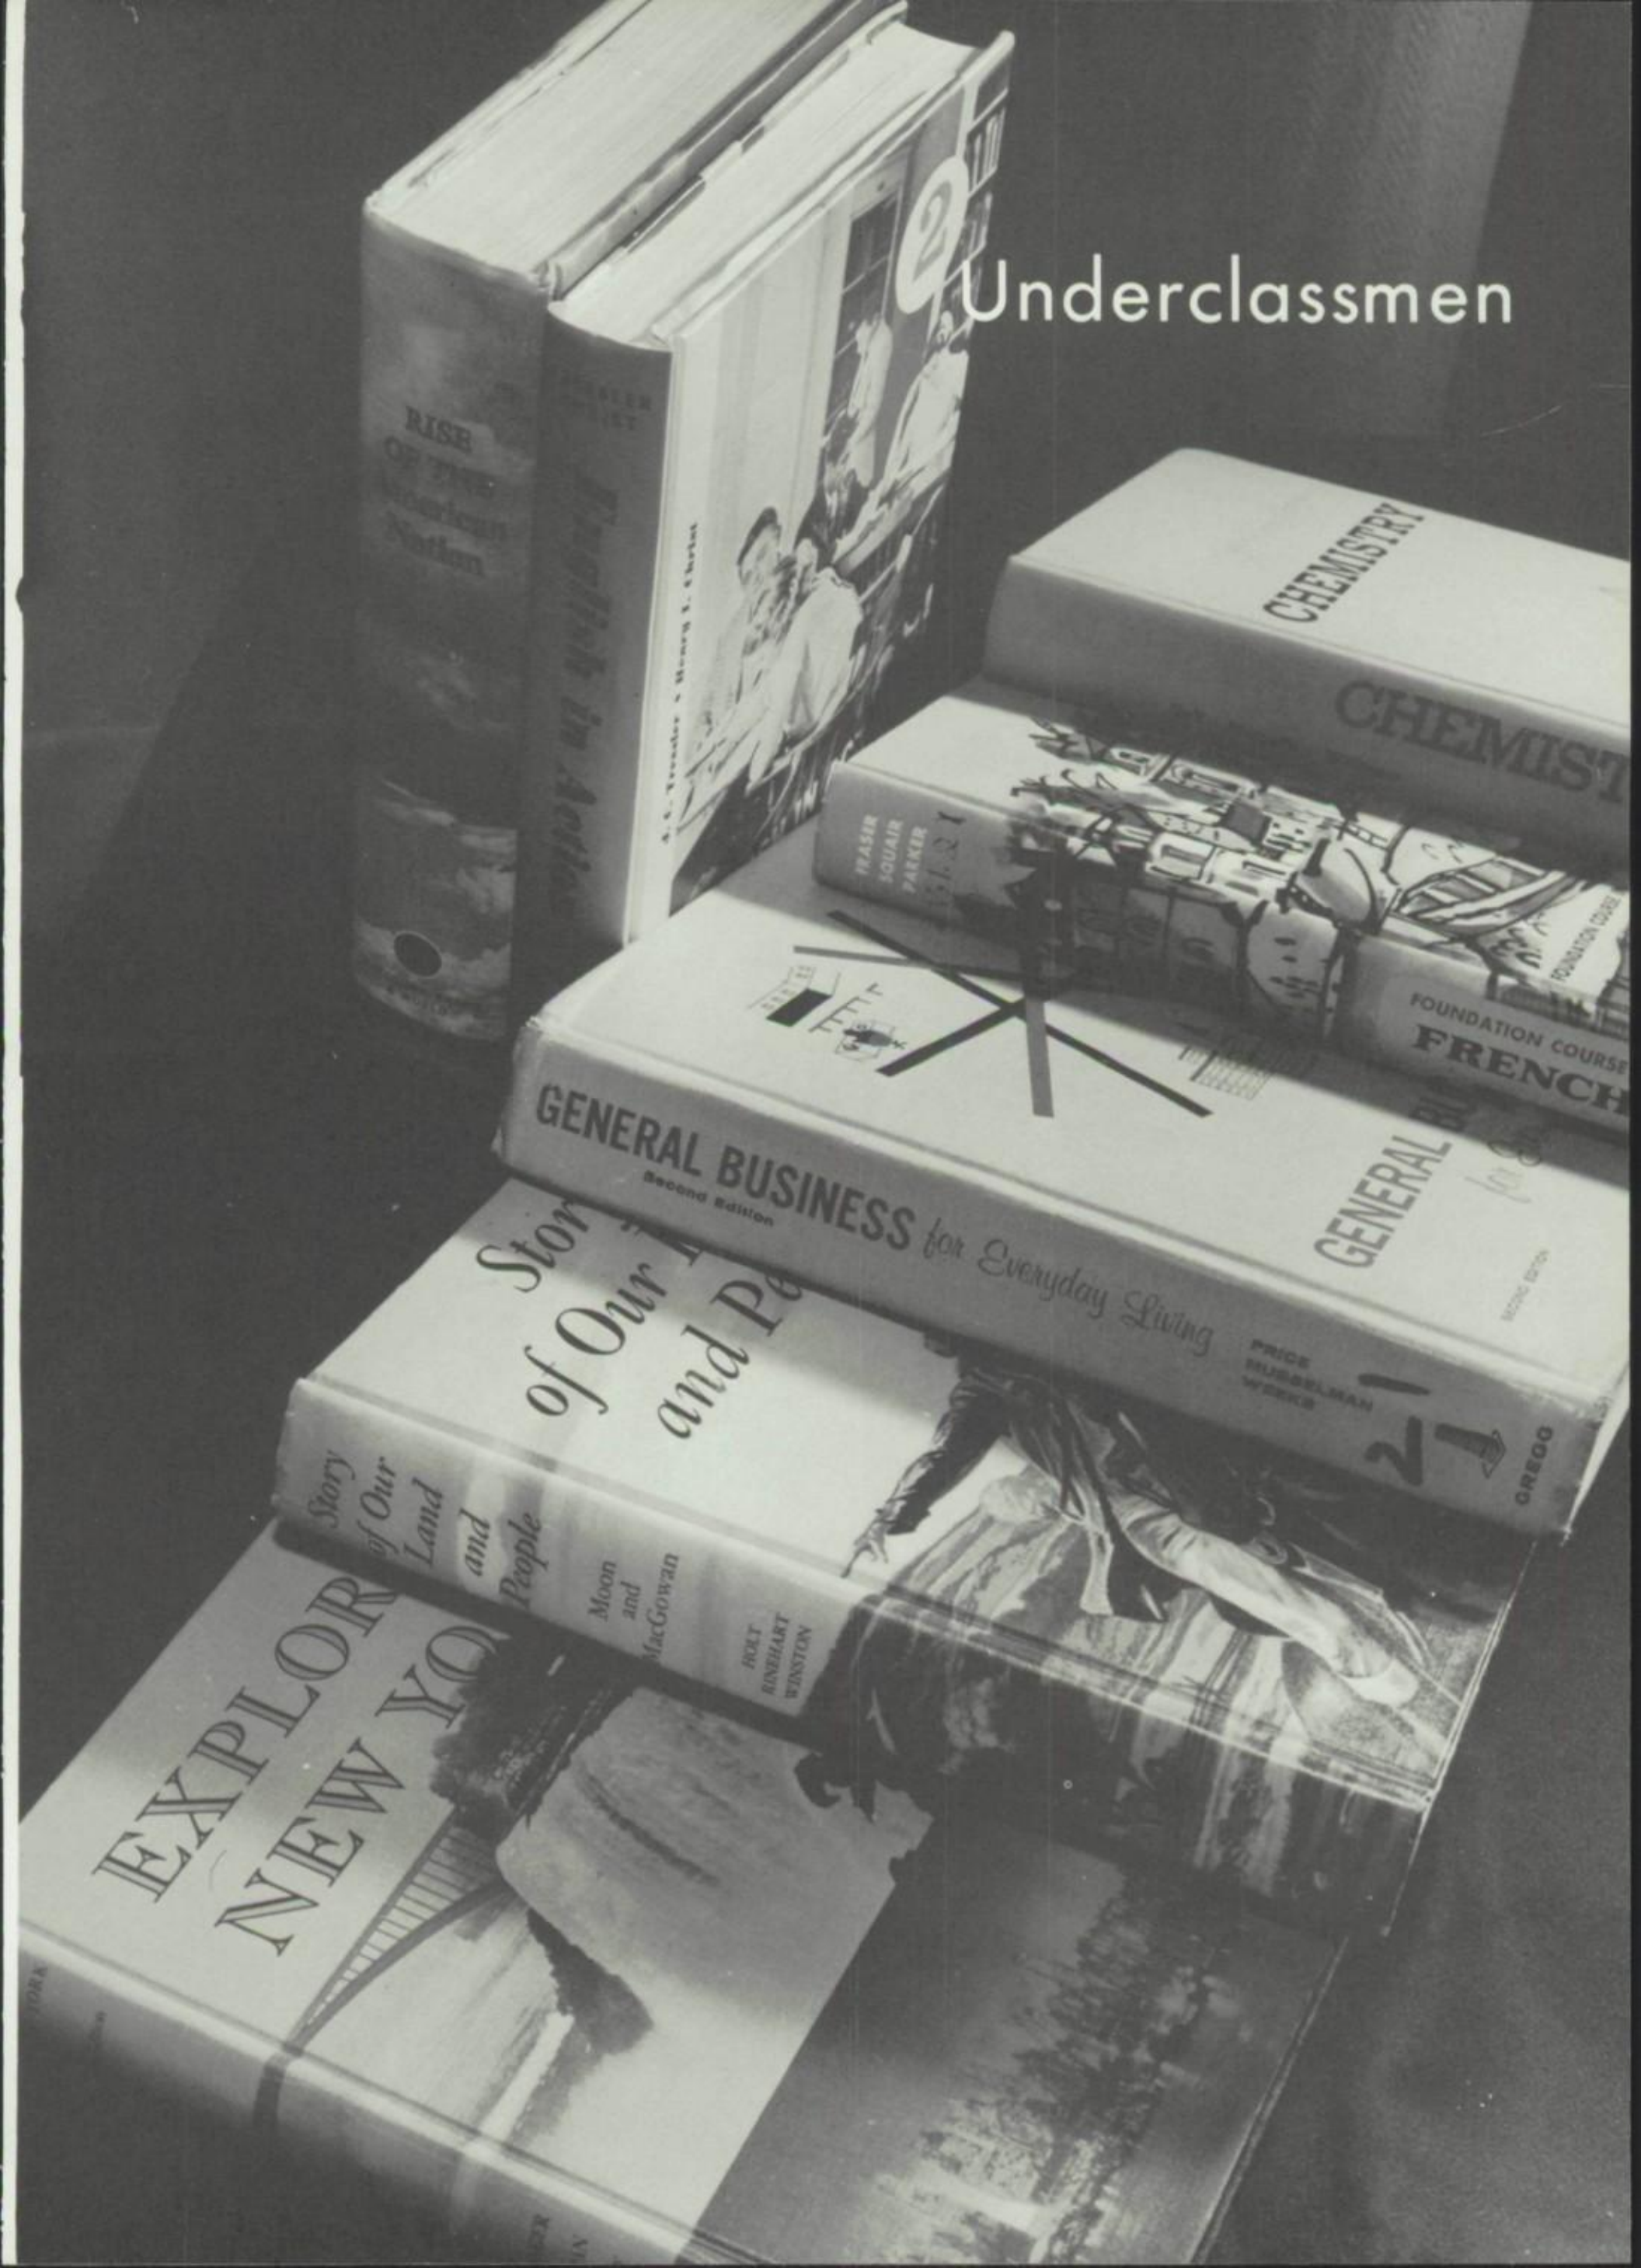
Oratorical

This year, four contestants competed in American Legion sponsored oratorical contest. They were: Frank Nebush, LeRoy Hardell, Marianne Waterbury, and Anthony Lehmann.

Each orator wrote and delivered his own speech concerning the United States Constitution.

First place went to Lehmann; second to Nebush; third to Hardell. By placing first Lehmann became eligible for the County Contest, Ralph Slade represented the Legion.

Underclassmen



Last Will and Testament

We, the Senior Class of 1965, being of sound mind and body, do, hereby bequeath the following INTANGIBLE possessions to the Juniors:

The right to feel, as well as act superior above all other student beings in this establishment, Poland Central School.

The right to go to lunch early.

The right to QUESTION some of the rules that seem unnecessarily upheld; but get no answers.

The right to spread rumors, just for a little excitement.

The right to get along magnificently with all other classes, as well as all the teachers.

The right of each of us being a backward, immature, country bumpkin, as some of the "more sophisticated" teachers call us.

Last, but certainly not least, the right to know that throughout high school, we have made everlasting friendships, and have gained knowledge to carry with us all through our lives.

We, the Seniors, do also leave the following TANGIBLE possessions:

9 bushels of left-over crepe paper from one of our "flops".

Two kettles of cooked, but unbuttered corn, left over from the fair.

Positively ALL of our used jokes!

Our one and only yearbook room, and worn-out yearbook advisor, who will make temporary residence at Marcy State until he recollects his sanity.

Our cheerful smiles, and even dispositions.

We, the undersigned, do solemnly swear the above statement will be righteously upheld throughout your Senior year.

Special Education

Special education is a service for the child who deviates physically, mentally, or socially to a degree that he cannot derive an optimal education from the regular school program. Special education for exceptional children is recognized as an integral service within the total framework of the American public education system.

A slow-learning child is an educable child who needs special educational facilities and services. This group, throughout their school years, need to be regarded as children growing up with the basic needs and desires that are common to all children and adolescents. They are developing physically, mentally, socially, and like other children, are experiencing daily situations which shape their lives.

Activities

Senior Honor Society

The object of the National Honor Society is to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership and to encourage the development of character in students of Poland Central School.

The officers this year are: President, Douglas Hathaway; Vice President, Richard Sudol; Secretary, Sandra Thayer; Treasurer, Dorothy Moody; Advisor, Mrs. S. Carroll.

Junior Honor Society

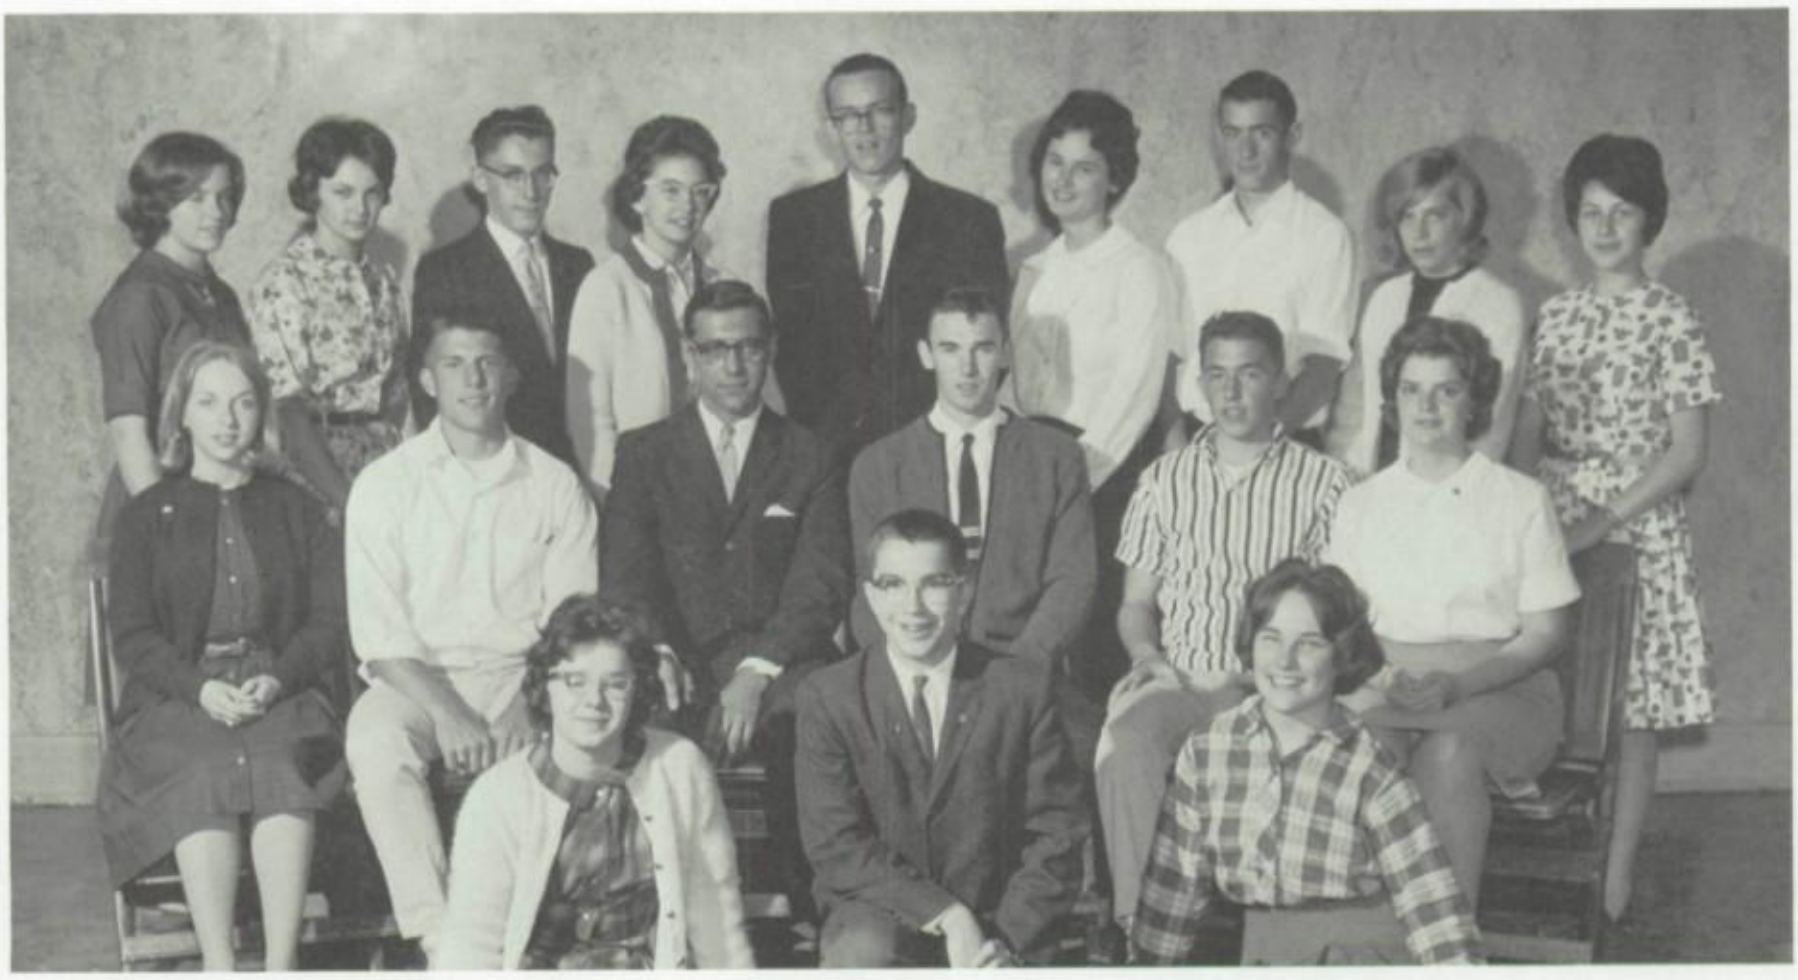
The Junior Honor Society has the same objectives as the Senior. This year's officers are: President, Thomas Poplasky; Vice President, Robert Tompkins; Secretary, Grace Newman; Advisor, Mrs. M. McCarthy.

Student Council

The Student Council is a newly-formed organization designed to supplement citizenship and leadership training, to provide a forum for discussion of questions pertinent to the student body, to represent the entire student body in school affairs, to promote in all ways the best interest of the school, and to carry out delegated responsibilities.

This year's officers include: Richard Sudol, President; Mary Ann Zamorski, Vice-President; Christine Irwin, Corr. Sec'y.; Jamie Cameron, Rec. Sec'y.; Alan Frederick, Treas.; Advisor: Mr. D. Abraham.

Seminar



Seminar is an inter-school program of the Cooperative Board, consisting of lectures given by college professors concerning various topics.

The students are chosen on the basis of their scholastic aptitude tests results.

Seminar gives the student an opportunity to gain experience in college-type lectures, note taking, and group participation.

Press Club consists of a group of selected students who are interested in developing their journalistic abilities. Each year Press Club edits and distributes four issues of FLASH.

For the past fifteen consecutive years, FLASH has rated ALL-NEW YORK at the annual conference held at Utica College.

Last year FLASH scored a perfect rating of 100 points to earn a gold cup for the third consecutive year.

Poland's record now stands at seven gold cups in eleven years, five of which were won in the last six.

Future Homemakers of America

The purpose of the FHA, is to encourage democracy in home and community. The group receives wholesome individual and group recreation, and works for a good home and family life for all.

The officers this year are: President, M. Waterbury; Vice-President, I. Ozog; Secretary, C. Youngs; Treasurer, J. Haver; Advisor: Mrs. Helen Thayer.

Future Farmers of America

The FFA is organized for those students interested in vocational agriculture and its related subjects.

The purpose of this organization is to help the student gain knowledge in the techniques of agriculture.

This year's officers include: President, Rex Tabor; Vice-President, Harold Lange; Secretary, Robert Reel; Treasurer, Nancy Lewandrowski; Advisor: Mr. Raymond Miller.

Future Teachers Club

President - K. Przelski, Secretary - M. Gauthier, Vice-President - D. Moody, Treasurer - M. Griffin. Advisors: Mr. F. Salisbury, Mr. T. Kelly.

Organized in the Spring of 1964, the Future Teachers Club aims to offer to students interested in the teaching profession the opportunity to gain insight of the profession. They get first-hand experience in the classroom by discussions with new and experienced teachers, and outside activities connected with school.

The club hopes to help students make an honest decision about becoming a teacher, to promote better teacher-student relationship, and to provide more well-qualified teachers.

Library Club

The Library Club is an influential group in our school. During the course of the year, its members prepare, periodically, bulletin boards, displaying book topics, and urging students to read. This being a presidential election year, the library club took a straw vote of the student body, and announced the results.

The members have two main goals: to learn somewhat how to run a library, and to encourage the use of books throughout the school.

Senior Chorus

The Chorus, under the direction of Miss Mildred Seavey, has had an eventful year.

In previous years, the Chorus usually limited its public appearances to the Christmas and Spring Concerts.

This year, it has built up quite a large repertoire, and has performed for the Eastern Star, and on television, as well as the Annual Christmas Concert.

The Chorus has two main goals: to entertain its audience; and to give pleasure, experience, and musical knowledge to its participants.

A Review of Past Performances

Through the years our Senior Band has built an outstanding record. For over ten years the band has been receiving A-6 ratings, the highest possible, at various contests in the state. In 1956, the band was included in the FIRST CHAIR OF AMERICA, a national music yearbook featuring the top bands of the nation.

The band has always been well-received wherever it plays, both at home and throughout New York State. The band's 1963-64 season served to exemplify this fact. At Christmastime, 1963, the band presented a special program over the local television station, WKTV, in Utica, N. Y. This program was so well received that a similar program was presented this year.

Later in the 1963-64 season, the band performed in various places around Utica, including the Rotary Club and the Utica Memorial Auditorium's Jaycee Auto Show.

The culmination of the 1963-64 season came in July when the band performed at the New York State Pavilion at the World's Fair. For the 1964-65 season, the band has been invited to play at the Canadian National Exposition and has also been invited to return to the Fair to play at the United States Pavilion.

The band performs all types of music from Dixieland to the classical field. At its Spring Concert in May, 1964, the band received two standing ovations for its performance of Tchaikowsky's OVERTURE 1812.

All State Band

The All-State band is the same idea as the All-County, but on a more select and state-wide basis.

Honored to represent our school this year were: Anthony Lehman, Marilyn Gauthier, and Mary Ellen Griffin.

All County

The All-County band is a group of select musicians from all over Herkimer County who meet for two days of practice and present a concert at the end of the second day.

Chosen to represent Poland this year were: James Johnson, tuba; Karen Ashforth, clarinet; Tony Lehman, trombone; Carla Newman, clarinet; Sandra Thayer, saxophone; Mary Ellen Griffin, cornet.

Color Guard

The Color Guard, organized last year, has the function of carrying and displaying the U. S. flag, school flag, when the band parades.

Its goal this year is to work out a drill and participate at local competitions.

Junior Band

The JUNIOR BAND, under the new direction of Mr. John Delia, is an important organization in the development of a musician. It is a stepping-stone to the ultimate goal of Senior Band.

In this, the Junior Band, the student learns to become responsible for the development of his musical ability as an individual as well as in a group.

Kiss me, darling, Kiss me!

Laughter, Laughter, the end

Keats, my darling husband!

Could You!

The Seniors' play choice this year was "Professor, How Could You!", a three act comedy by Anne Coulter Martens. The plot involved Keats, a history professor who, in order to become college dean, had to get a wife. All his friends rallied to his aid, each with a prospective bride. Three planned elopements developed into quite a predicament for all concerned!

To save the situation, Keat's best friend dressed up as a long-lost, deserted wife, and the three marriage candidates consoled themselves elsewhere and in a whirlwind finale. Grandpa's entry wins and the Professor finds a wife in the little spitfire Vicky!

My heart was in my mouth for fear she'd drop the lemon pie.

School Fair

The school fair, held annually in September, is sponsored by the FHA and the FFA.

This big event includes game booths, set up by each class. Also on display are foods, flowers, hobby collections, and other interesting exhibits.

Rides, such as Ferris Wheel, Merry-go-Round, Swings etc. are set up outside, as well as refreshment booths to add to the enjoyment of the fair.

Soccer

Our soccer team didn't have the best season on record, but with a few breaks it might have been a good season. We won four and lost six. As the individual games went, West Leyden, in our first game shut us out 4-0. There was a lot of team hustle, but the lack of experience was evident since only seven lettermen were back. The next time we met them, we shut them 3-0 and this was probably the best evidence that we had improved. Possibly our best game was against Old Forge, this year's league champions. We had fine defensive play but lacked the scoring punches. The game was scoreless until the third quarter when Old Forge capitalized on a defensive mistake, but we had scoring opportunities, missing two penalty kicks. We lost the very close game 1-0. In fact after our first game we never lost a game by more than one goal. Maybe it was a good season!

Our Captains

As of January 20, the Tornadoes basketball squad has come up with a 5-4 record.

The most successful game was that with our arch rival, West Canada. Our boys "creamed" them 68-34, to break an eight year losing streak.

If practice makes perfect, the Tornadoes should be close to undefeated in the coming second half of the season, as the boys practice EVERY night after school.

Baseball

The 1964 baseball team compiled a 6-4 record last year with a league record of 5-1.

For the past ten years, the P.C.S. team has placed second in the Inter-Valley League.

The only league loss inflicted on the Tornadoes came in the last game of the schedule when Lowville defeated us 8-1. Both teams entered the game with identical 5-0 records, and the Academy boys from the north prevailed in the championship game.

The Tornadoes lost 3 of 4 non-league games as the team ventured out into higher class baseball in an attempt to bolster a meager league schedule.

Golf

The Poland Golf Team managed a 5 won 5 lost record over the past two seasons. We are very happy with the enthusiastic efforts of the students on the team.

The importance of golf as a carry over sport is emphasized. We are looking forward to the growth of the sport here at Poland.

Principals Message

The Elementary school serves many purposes. While we consider the academic areas of vital importance, the development of good citizenship, physical fitness and strong character are also important.

A program must be designed to build these areas. Our program has been built to challenge each child's ability.

Because of differences in ability, adjustments in each area have to be made. This is best accomplished with small classes and a variety of instructional materials.

Our academic areas have been organized on a "continuous progress" basis. This means that the child can move forward continuously at his own rate.

To fulfill our other purposes, we utilize the classroom environment and specialists in related areas, such as physical education, library, art, music, and language.

Research has proven that a child develops to his full potential through happy, rewarding experiences. With the use of good instructional materials, a well-trained staff, an environment conductive to learning and a well-planned and organized curriculum, the needs of the children are most likely to be met.

Folk Dance Festival

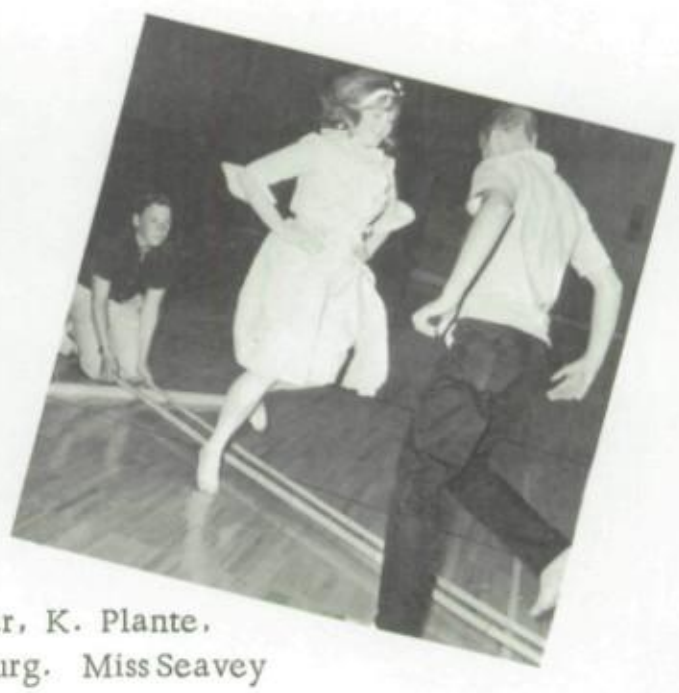
The Annual Folk Dance Festival was initiated at Poland Central School by vocal directors Miss Mildred Seavey and Mrs. Betsy Newman.

The event has attracted capacity audiences and over 200 students have participated each year.

The format of the dance festival is varied, its motives change according to the experience of the performing groups.

The dances include American, Japanese, Filipino, Irish, Israeli, German, Scandanavian, and Italian. Foreign exchange students have been featured as soloists, and the language and customs of the countries are studied as part of the background needed to interpret the dances authentically and with understanding.

The international language of music interpreted through the dance medium is a vital part in the program to promote understanding among nations.



1. JAPANESE CHERRY BLOSSOM DANCE: S. Czar, K. Plante, L. Barnard, R. Gauthier, J. Madden, W. Flansburg. Miss Seavey at the piano.

2. GERMAN DANCE FROM "HANSEL AND GRETEL": D. Thayer.

"Jack, Camel Time" To a sportie fisherman! Roses are red, Violets are blue Sin secretful, What happened to you? Good luck in Military School

Bob

Jack. Best of luck always to the biggest rush in the division else. Take it easy on the girls and don't forget - HIDE THOSE CIGARETTES IN YOUR TOP DRAWER OR IN AN OLD COAT POCKET. or works for me. Maybe it will fool your parents. There were times when I thought one (or you) and I knew you'd get through. A friend always -

Carla

Jack, I really can't think of anything insulting enough to write so I'll make it short. Good luck in the future. And have fun on your special day.

Peggy Wagon

Jack

Good luck to a swell guy! Don't forget the Friends! Beyond (?) it Love fun. But work

Christy

Jack, Good luck to a real fun kid! Never forget the wild french classes Mr. Mahion! Always you crazy nut you'll never have to worry about Good friends. Be Take it easy. Good Luck always, Joan

Nadya

Jacki -
Best of everything to a "cool kid". It's really been great knowing you. You're a great guy and you really can keep people laughing. Don't ever change because every class needs a "one of you"! I'll be taking you up on that offer for when you get your car - You can count on THAT!!! Don't ever forget the fun in History and English. Take it easy and Be good.
Love Ya,
Eleanor

Jack)
S_x is the one
word you and I will always
remember. Be a good boy and don't
get too many girls over vacation. Remember
the good times we have in social studies.
Bill (Set)

Jack
Good luck to a
good kid? Don't forget
that five dollars you owe
me! (I think you willowe it to me) Ha
Don't forget the good times we have
had in History class, and you had
better watch what you say or some-
day it will get you into alot of trouble!
Oh, and one more thing you'd better
take it easy on those girls in Utica!!
Love Ya!!

Jack,
since everyone wishes you good
luck; - I won't. (You have enough of it as it is.)
I could also wish you to have what is written
on the other side of the poop; I'll also abstain
from that. (All in deroom) - Good luck in
military school
next year,

Bruce

Jack,
Good luck to a real
swell guy. Have fun
in your future years
at P. E. S. but behave.
Here's wishing you get
everything you deserve.
always,
Diana

Jack,
Once everyone
else is wishing you
good luck I'll try
bad luck, which won't
work, because everything
happens just the opposite
me. Usually!? Keep
out of trouble and
behave. Always a friend,
Carol
